50 Aktivitas untuk Anak Usia 3 Tahun

Panduan singkat untuk orang tua & guru

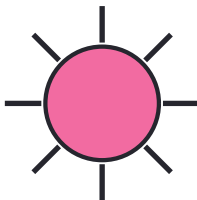

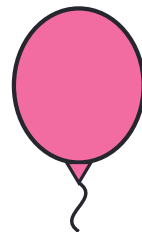

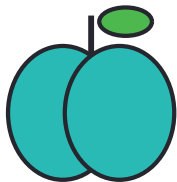

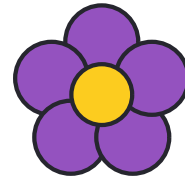

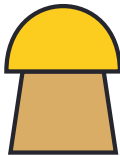

- Kerjakan 1-2 halaman saja per sesi. Rentang fokus anak 3 tahun sekitar 5-10 menit.
- Ucapkan instruksinya dengan suara; anak usia ini belum membaca.
- Biarkan anak menunjuk jawabannya dengan jari lebih dulu sebelum memegang pensil.
- Untuk halaman 'Ikuti Garis', telusuri dengan jari dulu, baru dengan krayon tebal.
- Jangan koreksi langsung. Tanyakan: "Coba lihat lagi, yang mana ya?"
- Cetak di kertas A4. Untuk dipakai berulang, laminasi dan gunakan spidol whiteboard.
